"FRAMERS OF THE CONSTITUTION OF THE U.S.A." No. 4

Gouveneur Morris—"Father of the Penny"

AMONG all the framers of the Constitution of the United States none were more adept at constructive statesmanship than the "father of the American decimal system" and originator of the copper cent. The finish, style and arrangement of the Constitution fairly belong to the brilliant and eloquent Morris. From his youth to the hour of his death he was a devoted and dauntless worker for American progress. His unrivaled ability as an orator was known throughout Europe, and his funeral orations on Washington, Clinton and Hamilton are treasured American classics. Gouveneur Morris was an indomitable supporter of the Louisiana Purchase. He it was who rescued LaFayette from prison walls and aided him from his private purse. Personally he was very handsome; his nature was impulsive, but his heart was warm and generous. He loved society, and his hospitality was famous. All his life he drank the creative brews of malt and hops, and who will dare say that it weakened his will power or detracted from his success, his fame, his glory and his might? It was upon the tenets of the Constitution of the U. S. A. that Anheuser-Busch 38 years ago founded their great institution. During these 38 years they have daily brewed from the finest barley and hops beers famous for being alive with natural force and nutriment. Their great brand BUDWEISER, because of its quality, purity, mildness and exquisite flavor, exceeds the sale of any
